## Acknowledgements

I wish to thank all those who have assisted me during the preparation of this book, including Jennifer Nelson, Briar Towers, and Heather Gibson at Palgrave Macmillan. I am grateful to Sam Regan deBere, Matthew David, David Mason, Sylvia Waldby, and Rachel Woodward who offered items of information or source material. I am especially indebted to Iain Wilkinson for his stimulating conversations and suggestions for reading. Sue Tagg has helped in numerous ways, and I am grateful to her. Some of the material appearing in Chapter 2 first appeared in *Journal of Gender Studies* (Vol. 6, No. 3, 1997). I thank Deirdre Davies for collecting and helping to analyse the data that provided the basis for that article, and Taylor & Francis (<http://www.tandf.co.uk>) for granting me permission to reproduce the material here. I doubt that this book would have been possible without the love and support of Ros Porter.
